National Take Our Daughters And Sons To Work® Day

Positive change makes the whole team better. Children want to experience what you do at work to give them ideas for their future.

Show them how to be Agents of Positive Change by joining millions of Americans participating in and inspiring dream careers for a new generation.

Help our mission by inspiring children to picture themselves in boardrooms, city halls, hospitals. Help them believe in themselves as much as they believe in superheroes. By bringing children to your workplace, you’ll show them how they can impact others and make a positive change in people’s lives every day.

On April 26, 2018, millions of American children will learn how they can become Agents of Positive Change. Join us in National Take Our Daughters And Sons To Work® Day and inspire the next generation.
